## Projects

### Client - A Global Leader in Automotive Industr

Domain - Endpoint Security  
- Conducted regular ePO health checks, ensuring **100% system compliance** and optimal endpoint protection.  
- Monitored and managed **alerts and incident queues** in Microsoft Defender resolving issues promptly.  
- Deployed, managed and troubleshoot **Trellix ENS/VSE/FRP (formerly McAfee)** components for 40,000+ endpoints.  
- **Implemented change management processes** for testing, onboarding and deploying AV products as well as creating exclusion policies.  
- Generated and delivered weekly and monthly performance analysis metrics reports to client leadership, contributing to strategic decision-making.  
- Prepared and maintained **IIDs, KBs, SOPs and technical overview documents** to support process improvement based on client requirements.  
- Coordinated with stakeholders (Infra, Service Desk and Support teams) to manage, resolve and escalate incidents efficiently.

### Client - A Global Leader in Automotive Industry

Domain - Data Loss Prevention  
- Configured and optimized Microsoft Purview DLP to effectively **monitor, detect and prevent data leaks**.  
- Implemented and managed **DLP policies**; monitored and investigated **DLP alerts**.

### Client - A Leader in the Indian Aerospace and Defense Industry

Domain - Endpoint Security  
- **Administered, managed and troubleshoot antivirus infrastructures** including Trellix Agent, VirusScan Enterprise and DLP for 10000+ systems.  
- **Manual and scheduled deployment** of Trellix endpoint products to all managed systems and servers in the infrastructure.
